

Professional quality at a competitive price for inserted range to market demand!

K 1050 Series

Portable and Compact
 K 1050 P

Mobile and Comfortable
 K 1050 TS

With Hose Drum
 K 1050 TST

Technical Specifications			
High pressure hose	8 m	8 m	12 m w/ hose drum
Gun & lance	Trigger gun + flat jet lance	Trigger gun + flat jet lance + dirt killer	Trigger gun + flat jet lance + dirt killer
Price			

TECHNICAL BENEFITS

1. HIGH-QUALITY BRASS PUMP HEAD

Ceramic coated stainless-steel plungers, reducing friction and have favourable thermal conductivity properties.

2. DURABLE HIGH PERFORMANCE MOTOR

Induction motors ensuring higher performance and extending the life of the pressure cleaner.

PERFORMANCE & WASHING POWER

■ Operation pressure	130 Bar (1880 PSI)
■ Water output	450 l/hr
■ Power intake/output	2.2 kW / 1.65 kW (High efficient motor)
■ Operation System	Total Stop (Save energy)
■ Fixture & accessories	Quick fix with storage system

LIGHT LINE ACCESSORIES (Optional)

1. Pipe cleaning hose light

- Length 10m

2. Washing Brush light

- Rotating brush head, Ø180mm
- Stainless steel extension, 210 mm

3. Round cleaner UFO light

- Stainless steel extension
- Ø260mm

4. Foam injector light

- Container, 1 litre

5. Dirt killer light

- Nozzle system 03
 - Length 400 mm
- Ultra powerful spinning jet for cleaning stubborn dirt surface.

6. Lance extension light

- Length 400 mm
- Ideal for areas difficult to access at high facades.

The K 1152 Series

K 1152 TS & K 1152 TST

Professional quality with high satisfaction of washing power! Innovated design for general purpose.

THE NEW X-LINE

kraenzle®

NEW PRESSURE WASHER GENERATION!

THE REMARKABLE CONSTRUCTION OF THE **NEW X-LINE**
RAISES THE COMBINATION OF DESIGN AND FUNCTIONALITY TO A NEW LEVEL!

- Kränzle Quick Change-Click System
- Intelligent storage box for changing-nozzles
- Pressure regulation, allows operating pressures to be set to suit any task
- Total-stop system, improves seal life-span and reduces power consumption
- Storage for trigger gun with safety catch and lance
- Smart storage system, practical stowing of equipment
- Hose drum with 12 m steel braided high-pressure hose
- 5 m power lead with cable reel

The K 2000 Series

K 2160 / K 2195 / K 2175

High performance and robust for industrial rate demand!
Made in Germany, proven performance and durability.

■ Made
■ in
■ Germany

- Single-part Roto-Mold-chassis and therefore extremely stable and robust
- Integrated trolley takes steps and rough ground in its stride
- Integrated hose drum with foldable crank (TST)
- 5 m power lead with cable reel
- Dirtkiller lance with stainless steel pipe (TST only), Vario-Jet lance, lance with stainless steel pipe with fully adjustable spray angle from pencil to wide fan as well as high and low pressure
- Storages for trigger gun with safety catch and lances
- Total-Stop system
- Low pressure detergent

The unique features for safety and performance

- Total stop system with delayed motor cut-out to avoid frequent starting current surge
 - Detergent mix washing even under high pressure performance with volume regulator
- Build in water tank to avoid insufficient water supply lead to serious cavitation
 - High efficiency motor to enable maximum demand output with less current consume
 - Smart design with maximise performance in stability, mobil pleasure and storage convenient

Therm sets standard with it's technical benefits.

Therm C and CA hot water high pressure cleaner with all the safety and peformance you can ask for

Being one of the leader in implementing green enviroment and eco-friendly, Kranzle Germany have this equipment that you should consider if you want to improve your productivity doing the friendly way.

Therm CA **with** hose drum

Therm C **without** hose drum

- Greasy and oily enviroment
- Germicide on food industrial
- Sticky and stubborn undissolve residue
- General purpose of heavy washing with reduce of chemical application

**Hot Water + High Pressure
- Chemical = Good Performance**

Technical Specifications	C 11/130	CA 11/130

VENTOS

Vacuum Cleaners

by **kranzle**®

■ Made
■ in
■ Germany

Design and create by all the unique feature, safety and performance that one have never expected how disadvantage for not having it.

Shout for **VENTOS** if you need to restore your confident for any unexpected occurrence.

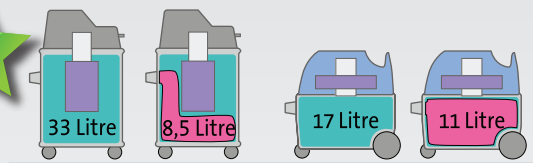

Who should appreciate and don't miss out?

- High-end hote house keeping
- Cooperate and IT operation house keeping
- 3S and above car service center
- Artist and design enviroment center
- Residential villa that demand performance
- Professional cleaning industries that demand performance
- Goverment and ministry department area
- High-end food and bevarage outlet
- Aviation industries and workshop
- Academic, university or research lab

Rate Features

1

Ordinary industrial vacuum cleaner

Ventos 20 E/L

- Drive unit
- Usable container volume
- Filter element
- Real filter bag volume

Compact feature that provide enlarge storage compartment for wet and dry residue

The cutting-edge construction processes maximise the available container capacity for using a filter bag.

3

Able operate as high performance blower or vacuum or both in serial

Ventos wet and dry vacuum cleaners come fitted with a connection fitting suitable for blowing either air or water.

5

Smart aux adaptor power to synchronize aux tools operation

The switch-on delay causes the vacuum to start after the electric power tool, so preventing current peaks and possible tripping of the fuse during the starting process.

2

Adjustable vacuum power to enable smooth vacuum process

The suction power control allows the suction to be adjusted to the required level.

4

Low sound level (max 72dB) suitable for cosy enviroment operation / Electronic level monitor

When sucking in liquids 2 electrodes switch off the turbine automatically as soon as the maximum liquid level is reached.

6

Remarkable compact design that hold all accessories in use and stable

The back of the casing is designed as useful storage for accessories. The compact structure with its low centre of gravity guarantees a firm foothold even on rough surfaces.

Technical specifications	Ventos 20 E/L	Ventos 30 E/L
Connected load	230 V, 50/60 Hz	
Power intake / Appliance socket	400 - 1200 W / 2400 W	
Volume flow max. (turbine)	3,700 l/min	
Vacuum max. (turbine)	24,000 Pa, 240 mbar	
Sound pressure level	72 dB (A)	
Container volume	17 l	32 l
Weight without accessories	9.4 kg	9.9 kg
Dimensions (L x W x H) in mm	485 x 380 x 445	485 x 380 x 550
